

IFQ Cost Recovery Program Annual Report

**Summary of 2006 Activities;
Description of 2007 Program**

**Restricted Access Management
Alaska Region, NOAA Fisheries**

**December 2007
Revised 12/5/07**

Background Information

- **IFQ Fee is mandated by Magnuson-Stevens Act**
- **Its purpose is to recover actual costs (expenditures) incurred in managing and enforcing the IFQ program; however,**
- **Fees may not exceed 3% of the ex-vessel value of IFQ halibut or sablefish**
- **Fees collected are used to**
 - **recover costs of management and enforcement (75%)**
 - **make funds available for Congress to appropriate to support the North Pacific (IFQ) Loan Program (25%)**

Year 2006 Program Summary

- At the end of the 2006 IFQ season, the fee was established at **1.0%** of the ex-vessel value
 - as premised on identified program expenditures of \$2,789,047 and total ex-vessel value of \$268,403,752
- **2,398 persons** (IFQ permit holders) were billed, including
 - **1,656** with only halibut IFQ landings
 - and **91** with only sablefish IFQ landings
 - and **611** with both halibut and sablefish IFQ landings

Year 2006 Summary (cont'd)

- **By September 30, 2007, 2,394 (or 99.8%) of those with 2006 fee obligations had paid**
- **Accounts of only 4 persons were referred to U.S. Treasury for collection**

Determining the 2007 Costs - 1

- **RAM sought FY07 cost information from the following:**
 - **International Pacific Halibut Commission**
 - **NMFS Office of Law Enforcement**
 - **NMFS Sustainable Fisheries Division**
 - **NMFS Restricted Access Management**
 - **NMFS Office of Management and Information**
 - **NMFS Office of the Regional Administrator**
- **Responses included:**

Determining the 2007 Costs - 2

- Pacific Halibut Commission \$ 200,757
- NMFS Law Enforcement 1,891,100
- NMFS Sustainable Fisheries 47,809
- NMFS/RAM
- NMFS/AKR/OMI 121,561
- NMFS/AKR/RA

TOTAL COSTS: 430,784 ~~\$2,739,602~~

47,590

Determining the 2007 Value - 1

- Registered Buyers provided price data
 - by species, by port, and by month
- RAM compiled data to determine “standard” IFQ value
- Value published by port, group of ports, or “all Alaska”
 - depends on number of observations (confidentiality)
- Value for species/port/month of landing multiplied times pounds yields total value

Determining the 2007 Value - 2

• Halibut pounds	49,330,025
• Halibut value	\$172,184,141
• Sablefish pounds	30,074,183
• Sablefish value	\$62,681,978
TOTAL VALUE:	<u>\$234,866,119</u>

Note: Value is based on all landings reported by the date of the fee percentage calculation. Total halibut value was revised 12/05/07 when a data entry error in registered buyer value data was discovered; the error pertained to value of halibut in Kodiak during the month of April 2007.

Fee Percentage Formula

$$[100 \times (\text{DPC}) / V]$$

❖ DPC = “Direct Program Costs” (including LASAF Balance)

❖ V = Total Ex-Vessel “Value” of IFQ fish

In September 2006, NMFS published regulations that changed the manner in which the annual fee percentage is calculated.

Specifically, the formula was simplified by eliminating or consolidating some variables:

- The non-payment rate (NPR) was eliminated because of its negligible effect on the overall calculation of the fee percentage since the inception of the program; and
- The LASAF Account Balance (AB) is now automatically incorporated into the DPC rather than treated separately.

Calculating the 2007 Fee Percent

Costs (DPC) of \$2,739,602

Multiplied times 100,

Divided by *Value* (*V*) of \$234,866,119

= 1.2 % (rounded)

Collecting the 2007 Fees

- Each IFQ Permit Holder with recorded landings has been billed; the billing,
 - contained information on pounds, ports, and month of Permit Holders IFQ landings
 - applied the **1.2%** fee calculation to “standard” value
 - and showed total amount due to NMFS by **1/31/08**
- Permit Holder has a choice:
 - s/he may pay based on “Standard” value as set out on the statement; or,
 - s/he may pay based on “actual” value of IFQ sales (if s/he so chooses, actual value must be proven)

Payment Options

- **RAM has developed different options for payment, including:**
 - **Payment on-line with credit card**
 - **Payment by telephone with credit card**
 - **Payment by mail with check, credit card or money order**

Allocation of the 2006 Receipts

- **25% will be deposited in US Treasury**
 - may be appropriated by Congress to support the North Pacific (IFQ) Loan Program
- **75% will be deposited in the “Limited Access System Administrative Fund” (LASAF)**
 - available to the Secretary to offset future costs of managing and enforcing the IFQ program
- **Note that no more than 75% of the costs will ever be deposited in LASAF**
- **Not “new money” -- income from fees will simply offset equivalent annual appropriations**

Accountability/Reporting

- **Regulations require publication of an Annual Report on Cost Recovery Program**

Questions/Comments

Questions and comments about the IFQ
Cost Recovery Program are welcome,
and should be directed to
NMFS/RAM
